## Company Information

Phoenix Group of Virginia, Inc., a veteran owned small business, provides expert services and quality products to the U.S. Government, NATO, International Marketplace, first responders, and commercial industry. Our personnel are successfully supporting contracts with the Departments of War, Homeland Security, Veteran's Affairs and Transportation. Additionally, we provide support to Military Sealift Command and the National Aeronautics Space Administration. We serve these organizations as both a prime and sub-contractor.

## Core Competencies

Phoenix Group is committed to bringing together a mix of senior and experienced personnel to lead and support complex projects to successful completion. We maintain a robust reach-back capability to support our customers, and we continuously work to match proven talent to individual customer requirements.

We excel at providing support in the following core areas:

- ▶ Engineering & Technical Support Services
- ▶ Inventory / Asset Management
- ▶ Integrated Logistics Support
- ▶ Shipboard Damage Control Services and Products (Pioneer & Creator of Damage Control Inventory Management Storage System (DCIMSS))
- ▶ Operations, Analysis / Experimentation
- ▶ Conference Assistance / Meeting Facilitation
- ▶ Continuous Process Improvement
- ▶ Program / Project Management
- ▶ Information Technology Services
- ▶ CBRN & First Responder Products
- ▶ Energy Saving Devices
